Telcom Service Center

YOUR FUTURE COULD BE A CLICK AWAY

I am looking for enthusiastic motivated individuals to become part time/full time Agents for my telecommunications based service company, EZ Telcom Service Center. As an Independent Contractor, you will receive residual commissions - paid every month based on what your customers actually use (usage billing). See <http://www.ez-service.net/agent.html> for the schedule of commissions paid out to our Agents. Our services are available nationwide/worldwide. See <http://www.ez-service.net/index.html> for the multitude of services we have to offer. You can be an Agent anywhere in the country or world for that matter. In order to become an Agent, you must have a computer, Internet access, e-mail address, fax capability, a telephone and the desire to make some extra bucks. There is no start up cost on your part in order to become an Agent of EZ Telcom Service Center. Check us out. I think you'll like what you see. You will find it truly refreshing to be able to provide a quality product/service at a great price. And best of all, we do exactly what we say we are going to do. There are no hidden fees/charges. This makes happy customers - the ones that stay around and don't go elsewhere. These are also the ones that keep generating ongoing revenues/commissions.

I'm not telling you that you are going to make thousands of dollars every month sitting on your posterior at home. What I am telling you is that you can make some real extra dollars each month with some desire and a little effort. Wouldn't an extra \$500 a month - or possibly more, every month, help out? The amount of the commission paid is totally up to you. You are your own Boss in charge of your own company. And, the tax advantages can be substantial. Your commissions are paid for the life of the client using our service. You will use my web site as your support vehicle to sell. We also have forms, handouts, etc. that are available to reproduce for your use. Clients can sign up online by themselves (selecting you as their Agent) or you can sign up for them on their behalf (in case they don't have Internet access or they want you to do it).

Nothing will change in your life unless you do something and get involved. Check us out. It may be the best decision you've ever made. It doesn't cost anything to look so what are you waiting for?
