

California Rx Card

Free Prescription Drug Cards to Californians

- Save up to 75% on medications!
- The program is FREE to ALL state residents!
- NO age or income requirements!
- Download card at www.californiarxcard.com
- No Internet Access? Walk into any CVS Pharmacy and get discounts on the spot!

- California residents can download a free discount prescription drug card at www.californiarxcard.com and receive savings of up to 75% on their prescriptions at participating pharmacies.
- If a resident does not have internet access, they can go to any CVS Pharmacy and get discounts on the spot!
- Participating pharmacies include CVS Pharmacy, Rite Aid, Walgreens, Albertson's, K-Mart, Longs Drug Store, Ralph's Pharmacy, Sav-on – and many other chain drug stores and independent pharmacies.
- The California Rx Card helps the uninsured and under-insured people of California afford their prescription medications. The program can also be used by people who have health insurance coverage without prescription benefits (which is common in many HSA's and high deductible health plans).
- The program covers many non-formulary or non-covered drugs and is funded through the support of pharmacies and pharmaceutical companies. Go to www.californiarxcard.com to search for pharmacies and prescription pricing.
- The California Rx Card program has no restrictions or participation requirements and the program is open to every resident of California.
- CHOICE Administrators® is doing this to do our part to help make affordable prescription drugs available to all Californians.
