...make yourself Comfortable

Secure Horizons new Medicare Supplement Insurance Plans* help you cover the health care costs that Medicare doesn't pay - for deductibles, coinsurance and more.

So you have the comfort and peace of mind knowing that you've protected your financial future ... and the security of knowing that you will never have to worry about losing everything you've worked a lifetime to build, just to pay medical bills.

* Underwritten by PacifiCare Life and Health Insurance Company in California and by PacifiCare Life Assurance Company in Arizona, Colorado, Nevada, Oklahoma, Oregon and Texas.

...take Control

With Secure Horizons Medicare Supplement Insurance Plans, you're in control. That means you can choose any doctor or hospital that accepts Medicare. You can select any doctor you're comfortable with — one who knows your medical history and your needs.

And, because you're in control, you don't need a referral to see a specialist.

Even better, you can choose the level of coverage that works best for you. In some cases (such as upon turning age 65 or losing your existing coverage*), you may be automatically accepted into a Secure Horizons Medicare Supplement Insurance Plan and not need to complete a health questionnaire or submit a medical history.

** Certain restrictions apply.*

Comfort Control Convenience

...at your Convenience

Secure Horizons Medicare Supplement Insurance Plans make it easy and convenient to get the health care you need. Anytime, anywhere.

Plan benefits are transportable so you can get medical care wherever you go - even if you have a medical emergency when you're traveling outside the United States (except for Plan A).

Secure Horizons has lots of other conveniences, too. Like no complicated claim forms and automatic premium payments. And, if you're not satisfied, we'll refund your premium if you contact us within 30 days of receiving the policy.
